

# Go Outside

## Kick the Can

### **What you need:**

1 can of some sort (coffee, soda etc...)

### **How To Play**

Place the can on the ground in an open area. One person is "IT" and they count to 60 while the others go and hide. When "IT" is finished counting, they go and try to find the others hiding. If they see someone they must yell out their name. Both kids have to race back to the can and try to be the first on to KICK it! The person who doesn't kick the can first, has to be "IT" next.
