

Go Outside

Croquet Relay

What you need:

2 balls (tennis, golf or soccer)
6 obstacles for the croquet course
2 sticks (mallet, broom, baseball bat etc..)

How To Play

Split up into 2 teams. Set up the course with the six obstacles, three on one side, and three on the other side, and something to mark the turnaround point. Some good examples are chairs, umbrellas, book stacks...or anything you can hit the ball through.

Split up into 2 teams. The object of the game is to weave back and forth around the obstacles while hitting the ball with the mallet sticks.

When you get to the end of the course, turn around, and then weave around the obstacles on the other side of the course. It is a relay so the next person goes when the person in front of him finishes.

First team to finish the course WINS!
