How To Play

Everyone sits down on the ground in a circle. One person is "IT" and starts to walk around the outside of the circle. He pats the head of each person he walks by and says "duck." He keeps doing this until he chooses someone to tap and says "goose". The "Goose" has to jump up and chase "IT" and try to tag him before he runs around the circle once and sits down in the empty spot "goose" just came from. If "IT" gets tagged he must go again, and if not, then "goose" is the new "IT."
