

Go Outside

Water Balloon Relay Race

What you need:

Water balloons

2 chairs

How To Play

You can have as many teams as you want. Set up a chair for each team with a water balloon in the seat. Each player must run to the chair, sit on the balloon till it pops, then run and tag the next player. You will need to put a new balloon in after each one is popped. First team to pop all balloons and cross the finish line wins.
