

## **Homemade Slip and Slide**

### **What you need:**

1 long piece of plastic (you can get one from a hardware store).  
The plastic should be at least 3 feet wide and at least 15 feet long  
2 plastic stakes

### **Getting Started**

Lay the plastic in the grass. Be sure there are no obstacles at the end of the plastic.

Secure the starting point of the plastic sheet to the ground.

Wet the plastic with a water hose.

Run and slide down the plastic.

Rewet the plastic as needed.
