

Go Outside

Towel Balloons

What you need:

- 1 towel per team
- 1 water balloon per team

How to play

Two kids grab the ends of a towel.

Put a water filled balloon in the middle of the towel and the team has to throw the balloon to the sky using the towel as well as catch the balloon with the towel. Challenge yourself to see how high you can throw the balloon in the air.

The first team who drops the balloon and it bursts loses.
